

DO YOU SEE IN DIGITAL?

Superior Vision. Near, Far, and Wide

Introductory Offer

**For a Limited Time.*

What Digital Did for Music, Digital Backside Lenses Did for Vision.

Today, the world is digital. It is high definition. And now your glasses can be too. Unlike conventional lenses, every Digital lens is perfect, consistent and computer engineered to optimize clarity.

- Easier to Read Small Print
- Exceptional Day Vision
- Superior Night Vision

Featuring
CLARISHD
(anti-reflective coating)
